

Off-the-Shelf or Made-to-Order, Lyon is Your One-Stop Source for Storage and Workspace Solutions

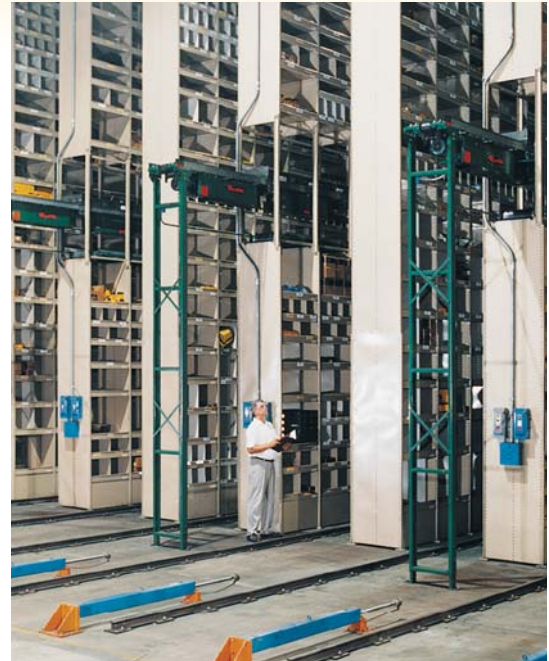

Whether you need overnight delivery on a work bench from one of Lyon's strategically located distribution centers — or turnkey engineering, manufacturing and installation on a triple deck shelving project, Lyon is your best bet and most reliable source of supply.

We do it all! And we have unsurpassed resources to ensure your ultimate satisfaction, whether your order is off-the shelf or made-to-order.

- \$12 million finished goods inventory — the largest in the industry!
- More than 1 million square feet of manufacturing capacity in 4 modern facilities.
- More than 100 field sales representatives and a nationwide network of distributors ensuring unsurpassed customer service
- Lifetime product warranties against defects in materials and workmanship
- Last but not least, we have a commitment to quality. Lyon is the only company in its industry that is certified as a registered ISO 9001 company

If your order is off-the-shelf, we'll have it to you in a few days. If it is made-to order, we'll be by your side until the project is complete.

Either way, we look forward to working with you.

ABOVE: High rise shelving combined with an automated retrieval system offers highly organized, precise selection of components stocked by a major manufacturer of earth moving equipment.

LEFT: This 20' high Lyon shelving system opened up an additional 30,000 sq. ft. of storage capacity, while improving inventory accuracy by 50%, for a diversified third party contractor.
